

Travelling by bike is a great way to both appreciate and preserve Thailand's' amazing natural beauty. With no pollution or noise you'll find yourself able to observe, approach and enjoy the wildlife that we regularly meet during our relaxed pace bike tours through the lush green forestry of THAILAND. With soil beneath your tires, the breeze in your face and the sounds of nature all around, you'll feel completely a part of the surroundings, and with regular breaks to get up close and personal with nature you'll feel relaxed enough to stay forever.
